

AUTO CONE PACKING

Aspire Excel is a renowned name in textile spinning Industry with over two decades of working experience. Aspire Excel has installed Retrofit Auto Doffers for more than 7 lakhs spindles and has established as pioneers in the spinning Industry. Built on the trust and name gained motivated us to develop the Auto Cone Packing System.

Working Principle

Automatic Cone Packing system weighs the Individual Cones, Paste Cone Weight in the Cone, automatically wraps the cylindrical/ conical cones with Thin Polythene Paper, Places the cones in a predetermined matrix and packs them in HDPE Bags and or Carton Boxes.

Advantages

- Completely Automatic System
- Reduces Manual Material Handling
- Reduction in Man Power
- Customised linking from Autoconer to Cone Packing - Optional
- UV Inspection - Optional
- Individual Cone Weight Stickering
- Overall Package Weight
- Cost Effective and Reliable
